Sapporo Guest House Symposium on Mathematics 13
Semilinear parabolic problems
(非線形放物型問題)

Organizers: Y. Giga (Hokkaido U.)
K. Tsutaya (Hokkaido U.)

September 30, 2002 (Monday)

- 11:00–12:00 M. Fila (Comenius U.)
Singular connections between equilibria of a semilinear parabolic equations
- 14:00–15:00 小杉聡史 (S. Kosugi), 北大 (Hokkaido U.)
Semilinear elliptic equations on thin network-shaped domains
- 15:15–15:45 山田計幸 (K. Yamada), 北大院 (Hokkaido U.)
Solvability of viscous Burgers-like equations with linearly growing initial data
- 16:00–17:00 石毛和弘 (K. Ishige), 名大 (Nagoya U.)
Blow-up problems for semilinear heat equations with large diffusion
- 18:00–20:00 Welcome Party

The venue of symposium:

Sapporo Guest House, 8 minutes walk from Sumikawa (Subway Station)
(札幌天神山ゲストハウス, 札幌市豊平区平岸2条17丁目1-80)
